Abstract:

The theme of this research aims the exposition of Management Crisis and its planning in Surah Yusuf. The management science including principles and criteria are embedded within the folds of the Holy Quran that Nothing Almighty omitted from the Book and this Book explaining All things.

The Researchers have studied the cases of planning in Surat Yusuf compared the types of planning in the modern sciences.

The Researchers have also demonstrated another management tool which is leadership making and the role needed to prepare leaders and their needed qualifications in light of what was shown in Surat Yusuf, Peace Be upon Him (PBUH).

Crisis management in the modern sciences in terms of concepts, basics and practice was tackled. The importance of trained leader and the trained team in the crisis management was also discussed. The plan, in which Yusuf (PBUH) had treated the dream of the King with, was also described in terms of planning for production, hoarding and consumption.

At the end of the study, the researchers have drawn various conclusions
